Hi Nancy,

As requested, attached are the updated final plugging and abandonment diagram for these wells and the core hole that differed from the proposed. FCI will be available at your convenience to answer any questions on this submittal, if needed.

Subject: RE: Plugging & Abandonment Plan

Hi Dan,

I also need an updated final plugging and abandonment diagram for these wells and the corehole that differed from the proposed. Please provide the final diagrams for each one or confirm that final diagrams are provided in the Appendix of the PTF Well and Corehole Abandonment Summary report.

Thanks, Nancy

Nancy Rumrill (rumrill.nancy@epa.gov)

Subject: Plugging & Abandonment Plan

Mr. Albright,

The below statement is to satisfy the requirement listed in Appendix C Section Q.4.3 of the above referenced permit:

Besides the four attached EPA 75200-14 Forms for Well DM-B, Well WW-3, Well O-05 and Core hole 133S, which was submitted to you back on 10/19/18, all other wells and core holes within the Area of Review (AOR) for UIC Permit No. R9UIC-AZ3-FY11-1 were plugged and abandoned per the plan submitted to the Regional Administrator. FCI's Final Plugging & Abandonment Report was submitted to you on 9/13/18 as part of FCI's Pre-Operational Report. This report describes the details of all the wells and core holes plugged and abandoned in the AOR.

If you have any questions or need additional clarification on this correspondence, please do hesitate to contact me at (520) 374-3984, ext. 3710.

Best Regards,

Dan Johnson VP | General Manager
